

**FOR IMMEDIATE RELEASE**

**Monday, March 28**

**Manoir Hovey's restaurant, "Le Hatley" is re-opening on schedule on Tuesday, April 5.**

Manoir Hovey, the 5 star lakeside Relais & Chateaux property in the Eastern Townships village of North Hatley, has been under extensive renovations since mid-February. Full dining room service will resume for dinner on Tuesday, April 5.

The kitchen, library, cocktail bar and particularly the dining room have been redesigned and re-organized. Guests will now be welcomed into a more contemporary dining room which has preserved many of its historical elements. More airy and open, the view of the magnificent gardens and lake can now be enjoyed from all tables.

Our chefs took advantage of the closing to experiment, create and launch new projects. Right from April 5, our new menus will reflect many of the new dishes developed by our chefs in the experimental kitchen we set up during the renovations. Also, the gardens of the Manor will be expanded to produce 35 varieties of organic herbs and vegetables. These new foodstuffs will be thoughtfully incorporated into our new menus starting in May. For the first time, we will also be producing our own birch syrup from the sap of paper birch trees on our own property.

Twenty new starters, main courses and desserts will appear on our table d'hôte and tasting menus. These new menus are now posted in the dining room section of [our web site](#).

Renovations are also being completed in many of our bedrooms. Smaller rooms are being combined into very spacious, luxurious rooms bringing the level of our accommodations to new heights. All bedroom renovations will be completed by May 1. During the month of April, guests will be unaffected by these final bedroom renovations.
